

FIRST PERFORMANCE AT 3 THIS AFTERNOON

BIG CHAUTAUQUA OPENS WITH CONCERT BY KILLARNEY GIRLS

RAINEY BENNETT LECTURE TONIGHT

Subject Will Be, "The Man Who Can"—Has Big Reputation as Great Speaker and Entertainer.

With the big advance sale of seats, tickets, everything points to a party crowds at the Chautauque, which opens this afternoon at 3 o'clock by a grand concert given by the Killarney Girls in a highly entertaining program of song and story. Hearing the Killarney Girls is said to be like taking a trip through Ireland. The Killarney girls, six charming young ladies, will present a program typical of Ireland and Irish life. Folk songs and ballads which spring from the people are found in abundance in Ireland. Many of these have been arranged especially for the Killarney Girls. A number of original pieces have been written. As a result the program they will render is distinctively artistic. Every member of the company is a splendid singer.

Miss Reta Eich, who heads the company, has many accomplishments, but her chief forte is her ability in child impersonations, always creating a sensation.

Great Lecturer at Night.

The big attraction tonight will be Wm. Rainey Bennett on the topic, "The Man Who Can." Earnestness and sincerity run through Mr. Bennett's utterances and from beginning to end he holds his audience. He also has the faculty of weaving in comedy touches and always at the right time and place. One enjoys his lecture and regrets when he has finished.

His talk on imagination, the searchlight of the soul, is most

pressive and set many hearers thinking along new lines of growth and endeavor. His differentiation between wealth and riches has a valuable presentation of thought for those who are working along the path of real progress. As a suggestion, he offers the statement that no being is safe unless he goes into the secret of his own soul. He indicates the lack of the ethical element in business and in so many of the affairs of life and that it will only be by the introduction of this ethical element that conditions will improve in paying the price for everything. Mr. Bennett brings out the fact most dramatically and with virility by telling the interesting story of the "Black Wolf Chase."

STORES WILL OBSERVE EARLY HOURS MONDAY

AND PEOPLE ARE ASKED TO DO THEIR BUYING IN TIME

THE LATE ORDERS

Prevent the Merchants From Closing Their Doors at the Usual Hour—Co-operation.

It is of wide interest to note that on Monday afternoon, May 1, nearly all of the city stores of the city begin closing at 6:30, and shoppers will have to do their buying early. Summer is nearly here, and the stores are closing early as is their usual custom.

The shoppers are asked and requested to assist the various merchants of the city in being able to close their stores at 6:30. They can do this by doing their shopping early and by not waiting until the last minute to order their groceries. All orders for groceries and meat should be made by 4 o'clock in the afternoon if delivery is desired before night. This will enable the clerks to get up the orders and have them sent out before closing time. After May 31 and up until September 1, the stores will close at 8 o'clock.

FRANKLIN ACKER INJURED

Dynamite Cap Exploded in His Hand Yesterday Afternoon Franklin Acker, the young son of Mr. and Mrs. J. E. Acker of East River street, had his left hand severely injured yesterday afternoon when a dynamite cap exploded in his hand, or while he had his hand near it. He was rushed to the county hospital and there it was found necessary to amputate all the fingers on his left hand.

It seems that yesterday afternoon the little fellow went down to Rocky river to fish. Later he came home and in some way secured some dynamite caps. After he came home he went out into an old shed in the yard and nothing more was heard from him until an explosion was heard and he was seen running from the building. Medical attention was summoned at once, and although not dangerously hurt, the wounds are causing a great deal of pain.

FURNITURE STORE BURNED LAST NIGHT

CONTENTS PRACTICALLY DESTROYED AND BUILDING DAMAGED

ORIGIN UNKNOWN

Insurance Carried on Stock Was About \$750—Was Valued At Twice That Amount

Fire practically destroyed the entire contents of the Cleveland Furniture store, located on South Main street near the city limits, last night about 8 o'clock. The interior of the building was also greatly damaged. It was by the quick arrival of the fire department and their hard work that the building was saved at all.

Just how the fire started is not known, but some of those who first discovered it say that it started in the rear of the building. The blaze was a mean and stubborn one and very hard to get under control.

Mr. W. D. McLean of this city carried insurance on the contents of the building to the amount of \$750. The net loss will probably be between \$1,500 and \$2,000, including the damage to the building.

UNION SERVICES IN CHAUTAUQUA TENT

ALL DENOMINATIONS WILL UNITE ON SUNDAY EVENING

SPECIAL CHORUS

Composed of Members of Choirs of All Churches—Dr. Frazer Will Preach.

All of the churches of the city have decided to unite and have union services in the big Chautauque tent on the corner of North Main and Sharpe streets. This service will probably be the biggest of its kind to be held this year. Dr. Frazer, pastor of the First Presbyterian church, will preach and the services will begin at 8:30 instead of 8 o'clock as has been the case in the churches of the city.

One of the attractive features of the services will be the singing of the large chorus, all the choirs of the various churches of the city taking part. All members of the choirs are asked to attend.

The tent has been granted by the Chautauque people, and the pastors of the city hope to have the biggest union service of the year on Sunday night.

Why Constipation Injures.

The bowels are the natural sewerage system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere.

PREVENTION

An ounce of prevention is worth a pound of cure. This is the day of PREVENTIVE MEDICINE. Nowhere is this so necessary as in regard to the care of the TEETH. Visit the dentist AT LEAST twice a year, whether you think you need it or not. Let him give your teeth a thorough cleaning, search out the beginnings of decay, clean off the tartar, and in general PREVENT those dental evils that are likely to grow on you unawares.
